SUMMARY

Full Stack Developer proficient in the MERN stack, with hands-on experience collaborating with clients to understand requirements and developing scalable, responsive, visually appealing, and user-focused web applications tailored to business needs.

TECHNICAL SKILLS

Languages: C/C++, JavaScript, Java, SQL
Frontend: ReactJs, HTML, CSS, Bootstrap
Backend: NodeJs, ExpressJs, RESTful APIs, JWT
Databases: MongoDB, MySQL
Other: Docker, Git-Github, Cursor, Claude

WORK EXPERIENCE

Damsole Technologies March 2026 – May 2026
Full Stack Developer Intern (MERN Stack), Onsite – Pune

- Built and contributed to real-world client projects, developing scalable and responsive web applications using the MERN stack.
- Developed and integrated RESTful APIs with MongoDB for efficient data handling and seamless frontend-backend communication.
- Worked on business platforms like **Spireeta**, structuring service-based architectures for ERP, cybersecurity, and automation solutions.
- Optimized application performance and responsiveness, ensuring fast load times and smooth user interactions.

Innovation Hub June 2024 – July 2024
Frontend Developer Intern, Onsite – Nashik

- Developed and maintained responsive web pages using HTML, CSS, and JavaScript, ensuring cross-browser compatibility.
- Assisted in designing and improving user interface components, focusing on clean layout and better user experience.
- Strengthened core web development skills by working on live projects and practical assignments.

PROJECTS

AI-Powered Smart Recruitment Assistant *(ReactJs – MERN Stack)* link

- Built an AI-based system to automate candidate shortlisting based on predefined criteria using the MERN Stack.
- Reduced manual effort by implementing intelligent filtering for resume screening.
- Demonstrated the application of AI concepts in real-world recruitment processes.

SparePe – E-commerce Platform for Automobile Spare Parts *(ReactJs – MERN Stack)*

- Developed a full-stack web application enabling users to browse and purchase spare parts.
- Implemented dynamic product listings, search functionality, and responsive UI.
- Designed backend APIs for product and user data management using Node.js and MongoDB.

EDUCATION

Sandip University, Nashik **2023 – 2026**
Bachelor of Technology in Computer Science and Engineering CGPA: 8.03/10

Government Polytechnic, Jintur **2020 – 2023**
Diploma in Computer Science and Engineering Percentage: 74.17%
